Andry Astorga
611 5TH Ave., Aurora IL 60505 • (630) 677-2968 • Aastorga01@Aurora.edu

OBJECTIVE:

I am a Computer Science student seeking an internship opportunity to utilize and develop skills in software engineering, development, and design. I want to apply what I've learned into a real-world setting and develop new strategies to tackle problems I may face in the future.

STRENGTHS:

- Extensive experience in customer service.
- Strong ability to connect with peers and working together as a team.
- Driven problem solver that will explore all avenues through and through.
- Dedicated team player willing to take on more to achieve what needs to be done.

TECHNICAL SKILLS:

- Java
- HTML
- CSS
- JavaScript
- Python

EDUCATION:
Aurora University   Aurora, IL
Bachelor of Science in Computer Science   May 2025
  o Relevant Coursework
- Object Oriented Programing
- Object Oriented Design and Development
- Web Application Devlopment
- Computer Architecture and Design

WORK EXPERIENCE:
Polo Ralph Lauen   Aurora, IL

Sales Associate   August 2020 – Present
  o Make sales, manage inventory, and process new items.
- I have extensive customer service experience, working to help customers find what they need as well as being capable of communicating what we don't have effectively.
- I worked on many store projects and sales events to help elevate the company whichever way I possibly could.
- Take pride in knowing all my managers have my trust, allowing me to work freely knowing the job will get finished fast and efficiently.
